

# Even Facebook Is Struggling Under the Weight of the Coronavirus

What are the different facets of the problem Facebook is facing? (Parts of the issue)

---

---

---

---

What is the company able to do in order to weather the storm?

---

---

---

---

Translate or explain the meaning (as best as you can):

Coronavirus outbreak has, for the tech industry, been a double-edged sword.

**Translate words and phrases** (A tip: you can find the words in the article by using Ctrl + F on your keyboard and searching the phrase from the article):

Gut-wrenching impacts –

Unprecedented demand –

Social media behemoth -

A boon –

Buggy video chats –

News glitch –

Imminent –

Make up a sentence using at least 3 words from the previous task (you can alter the words a little)
