MY BRAZIL BLOG

Hi. My name's Yevheniia and I'm from Ukraine. But I'm not in Ukraine now. I'm in Brazil and I study animals. My life here is very different from my life in Ukraine!

Here in Brazil, I study in the evening and at night, and I sleep during the day! I get up at about 4 pm and at 4.10, I have a shower and then have a drink and have breakfast with the other students. At about 5.30 in the afternoon, we put our things into our bags. At 6 pm, we go into the forest and look for birds. We write their names in our notebooks. We don't talk because we don't want the birds to hear us.

At 9.30 in the evening, we stop and eat sandwiches, and drink water or juice. We don't stop for a long time to eat our lunch. At about 10.15, we look for night animals.

We finish at about 3 am. Before we eat our dinner, we write the names of all the birds and animals on the computer. We have dinner at 5.15. At 5.45 in the morning, I'm very tired. I'm ready for bed! I don't see the sun because I sleep all day, but I'm very happy.
