The best drink ever!

We've been in Rio since yesterday afternoon. I'm so excited! My parents are from Brazil, but we haven't visited the country many times – the plane tickets are very expensive. Anyway, I'm in Rio now and I love it here, especially the juice bars. They're on every street corner. I've never seen so much fruit!

The owner of one juice bar, Rodrigo, has lived in Rio for many years. His father opened Rio's first juice bar in 1958. Many other bars have opened since then. I found out that there are 300 different types of fruit in Brazil! Some of them are very unusual. Have you heard of cashew apple? It looks like a red apple, but the cashew nut grows at the top of the fruit. It makes delicious juice. I've just had some!
