Read the passage. Decide if the statements are True or False (1.0 pt)

Public transport is an important part of many peoples' lives. We need it to go to work, visit family and friends, go sightseeing and go about our daily business. However, in many countries, trains, buses and subways are very expensive. A new scheme in Germany has been launched to make getting around easier. Transport companies have got together to create the Germany Ticket. This allows people who buy it to use all local and regional transportation across the country for just 49 euros (\$53.90) a month. More than three million tickets were sold on the day of the launch.

Transportation bosses hope the new Germany Ticket will be good for the environment. They want more people to leave their cars at home and use more environmentally friendly forms of transportation. Germany's Chancellor, Olaf Scholz, welcomed the new ticket. He said it is "an easy and cheap offer that will make public transit more attractive and help us to **achieve** our climate goals". Germany aims to become carbon neutral by 2050.

19. Public transport is very necessary and cheap in all over the world.

20. Only Germans can use public transport for free.
