

## Film Review: Pitch Perfect

*Pitch Perfect* is a 2012 musical comedy, <sup>1</sup>d\_\_\_\_\_ by Jason Moore and <sup>2</sup>s\_\_\_\_\_ Anna Kendrick and Rebel Wilson. The film is an <sup>3</sup>a\_\_\_\_\_ of a non-fiction book by Mickey Rapkin. It was <sup>4</sup>a\_\_\_\_\_ MTV Movie Awards for Wilson's performance and for best musical moment.

The <sup>5</sup>p\_\_\_\_\_ focuses on Beca Mitchell, a college student who would like to be a music producer. At university she meets Barden Bellas, an all-girl *capella* group, who want Beca to sing with them and help them win the national singing competition. At first Beca doesn't want to join the group. <sup>6</sup>E\_\_\_\_\_, she agrees and it all begins ...

Anna Kendrick gives a superb <sup>7</sup>p\_\_\_\_\_ as a rather shy but rebellious student, and the rest of the actresses are really convincing playing the Bellas. The <sup>8</sup>s\_\_\_\_\_ is cleverly written and extremely engaging. The plot is a bit predictable but it's still a pleasure to watch. And, of course, the soundtrack is brilliant! The film was so popular that it has now two <sup>9</sup>s\_\_\_\_\_ : *Pitch Perfect 2* (2015) and *Pitch Perfect 3*, which came out in 2017.

The word that best <sup>10</sup>d\_\_\_\_\_ this movie is *fun*. It is both amusing and very inspiring to those who dream of performing. In my view, it is <sup>11</sup>s\_\_\_\_\_ for teenagers and adults alike, and I believe that everyone will find something interesting in the *Pitch Perfect* series.
