MONA LISA

She was painted in the early 1500s by Italian Renaissance artist Leonardo da Vinci. Today, she hangs in the Louvre, an art museum in Paris that was originally built as a palace for kings. She is *Mona Lisa* – one of the most famous portraits in the world. So these are interesting facts about the painting:

- The original name of the painting was not *Mona Lisa* – it was *La Gioconda*.
- X-rays of the painting show that there are three different versions of the subject, all are painted by da Vinci, layered under the final portrait.
- In 1911, an employee of the Louvre stole the *Mona Lisa* from the museum. It was not returned until 1913, when the thief tried to sell the painting to an art collector.
- The *Mona Lisa* has been an inspiration to musicians. Composer Max von Schillings wrote an opera about the painting. In 1958, American songwriters Livingston and Evans wrote a hit song about the portrait.
