WRITING.

E. What can you do? Write 3 sentences.

_____

_____

_____

_____

READING

F. Read. Write *True* or *False*.
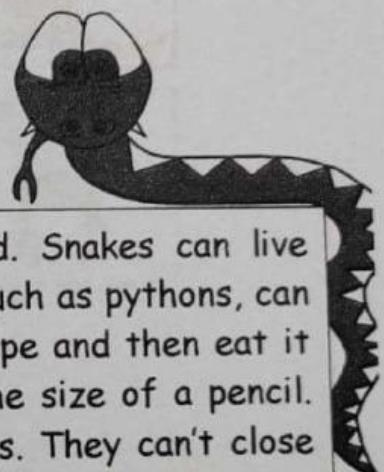

There are over 3,000 types of snakes in the world. Snakes can live underground, in trees, or in the ocean. Some snakes, such as pythons, can grow to be very long. A python can squeeze an antelope and then eat it whole, little by little. Some snakes are very small, the size of a pencil. Snakes can't walk or run because they don't have legs. They can't close their eyes because they don't have eyelids

1. Snakes can't close their eyes. _____
2. Snakes can walk or run. _____
3. A python can eat a whole antelope. _____
4. A python can't grow to be very long. _____
