II. Read the following text and answer the following questions.

JACK'S DAY

Do you remember me? I am Jack. I am a heavy machinery maintenance student.

Every day I have a lot to do: I wake up at 5:00 o'clock in the morning, then, I take a shower, after that, I have

breakfast with my family. At 7:00 o'clock I go to my internship placement, there I gain the enough experience to become a good technician. At noon, I have a delicious lunch at Luchita's Restaurant. At 2:30 in the afternoon I go to my institute to have classes until 6:30 in the evening. I arrive at home at 7:00 o'clock and I immediately have dinner. I have to hurry because my favorite TV program starts at 7:30. Later, when the clock strikes 10:00, I go to bed and sleep. Ok, that's not true, I check my cellphone for about an hour before I finally fall asleep.

1. Answer the following questions:

- What is Jack studying?
- Does he have few things to do every day?
- What time does Jack wake up?
- Does Jack have breakfast alone?
- Where does Jack go at 7:00 o'clock?
- Why does he go to the internship?
- Does he have lunch with Luchita?
- Does his favorite program start at 7:30?
- What time does Jack sleep?
- What does Jack do with his cellphone?
