Hi Mum!

I'm having a (good) _____ time here in Scotland.

Yesterday, we skied down a (big) _____ mountain. The youth hostel is OK, but the showers are (cold) _____! The nearest village is (small) _____, but it's got a shop, so I bought you this postcard!

See you soon,

Chris

PS I miss your cooking-the food here is (bad) _____.

Task 3: Read the passage below and choose True (T) or False (F).

1. Money has been a double-edged sword throughout history, with its immense power capable of both uplifting societies and corrupting individuals. As the saying goes, "Money is the root of all evil". This aphorism highlights the role money can play in fostering corruption, tyranny, and moral decline. While money itself is not inherently evil, its misuse can lead to dire consequences.

2. Throughout the ages, there have been numerous instances where the pursuit of wealth has resulted in the degradation of societal values and the loss of human dignity. It's often observed that anarchy thrives in societies plagued by rampant greed and the unrestrained pursuit of riches. The desire for superiority and dominance can drive individuals to engage in heinous acts of revenge and crime, further fueling the cycle of moral decay.
3. The extravagant display of wealth has often been associated with illegal activities such as bribery and money laundering. Those consumed by their own greed and mean intention can go to great lengths to amass wealth, even if it means resorting to illicit means. Money, in these circumstances, becomes a tool to enslave others and consolidate power, turning individuals into masters of manipulation.
4. However, It is crucial to acknowledge that not all individuals succumb to the allure of money and its potential for evil. There are many who utilize their wealth to bring positive change and uplift their communities. Money, when used responsibly, can be a force for good, empowering individuals

to make a difference and address societal challenges.

5. To sum up, while money can indeed be the root of evil, it is essential to recognize the role of individual choices and moral values in determining its impact. Money can either corrupt and degrade societies or be channeled towards uplifting and empowering communities. It's our responsibility to cultivate a sense of integrity and ethical conduct, ensuring that money is used as a means to enhance human dignity rather than perpetuate moral decline.

1. Money is the root of all evil.
2. The pursuit of wealth can lead to moral decline.
3. Money laundering is an illegal activity associated with the display of wealth.
4. Money can be used to enslave others.
5. Money is always a force for good.
6. The pursuit of wealth can lead to corruption.
7. Money can be used to uplift communities.
