READING COMPREHENSION

Hello, I'm _____. I was in the supermarket yesterday. I went there to buy a bunch of grapes, two apples, and three mangoes. I wanted to make some fruit juice when I got home.

The fruits were in the produce section. There were many selections of fruits on the shelves. There were some tropical fruits, such as mangoes, avocadoes, durians, soursops, rose apples, and many more. The supermarket ran out of pineapples, melons, starfruit, and watermelons. I put all the fruits that I needed in the trolley and went straight to the checkout counter.
