## FINAL EXAM CONNECTIVITY - LEVEL 5

### READING

**1) Read the article. Then choose the correct answer to each question, according to the information.**

#### **READY FOR A VOCATION VACATION?**

Many people fantasize about their dream job. But have you ever wondered what it would be like to actually do that work? It can take years to get the training and develop the expertise needed for a new career. What if, after all that preparation, you found that you didn't enjoy the job as much as you expected or just weren't cut out for it? One company has an enterprising solution: Pivot Planet has been connecting people with their passions by providing real career and life experience from experts in hundreds of exciting fields.

Before he founded Pivot Planet, Brian Kurth had been working a dead-end job. Although interested in becoming a dog trainer, he was anxious about switching to an occupation he had no experience with. To learn if the job was a good fit, he located a mentor—a dog trainer who could tell him about the work and everything it involved. Kurth learned a lot and his friends began asking him for help finding mentors for jobs they were interested in.

Kurth saw the value of this kind of service, so he decided to turn his idea into a business. In 2004, he started the first iteration of his company as Vocation Vacations. Clients (called "vocationers") were matched with a mentor and invited into their business for 2–3 days.

People could test-drive the job of their dreams and see what it was really like. By 2005, the company was offering experiences with over 75 interesting jobs around the world, including baseball team manager, radio DJ, and race car driver. In 2006, there was even a reality TV show based on Kurth's idea called *This Job Is a Trip!* Contestants were placed in their ideal profession and given a series of challenges to see if they could survive or were better suited for their existing jobs.

In 2012, difficult economic conditions led Kurth to reimagine his company; instead of having clients travel to a workplace, he connected them with mentors via more affordable video conferencing. Rebranded as Pivot Planet, the service continues to connect people looking to pivot to a new career with expert advisors who can answer questions and offer insights into hundreds of professions. While many clients seek advice about glamorous careers in music, film, and fashion, Kurth reports that the most popular requests are for more practical occupations: bakers, pet day-care owners, and bed and breakfast managers.

What's your dream job? Would you be interested in career counseling from an expert in that field?

**1- What caused Kurth to start his own business?**

- a. He wanted to change careers but was unsure if the new job would be a good match for him.
- b. He was inspired to try a new job while he was visiting a foreign country on vacation.
- c. He wanted to become a career counselor and thought this would be a fun way to do it.

**2- What service did Kurth's first business, Vocation Vacations, offer?**

- a. It allowed people to travel while learning more about their career options.
- b. It allowed people to start a new job without quitting their old job.
- c. It allowed people to spend a few days working in a career of their choice.

**3-** Why did Kurth reimagine his company in 2012?

- a.** He realized people didn't want to travel to try out new careers.
- b.** He needed to make his service more affordable during a bad economy.
- c.** He thought video conferences were better than in-person counseling.

**4-** What service did Kurth's second business, Pivot Planet, offer?

- a.** It allowed people to ask questions and get career advice from experts in the field.
- b.** It allowed people to travel internationally to try out new careers.
- c.** It allowed people to interview for new jobs in field they hadn't worked in before.

**5-** If you aren't cut out for something, you \_\_\_\_\_. (line 3 in the article)

- a.** don't have the right qualities or abilities.
- b.** are chosen as the best person to try it.
- c.** are qualified but want to do something else.

- a.** identify the safest path to success and avoid risks
- b.** think of new ways of doing things and make them successful
- c.** recycle ideas that have worked well in the past.

**7-** When you test-drive something, you \_\_\_\_\_. (line 14 in the article)

- a.** make a commitment to buy or use it.
- b.** travel a long distance to get to it.
- c.** try it for a short time to see if it's a good.

**8-** If a company pivots, it \_\_\_\_\_. (line 21 in the article)

- a.** keeps doing the same things it has always done.
- b.** changes direction and focuses on something new.
- c.** makes small changes but stays focused on the same goals.

## LISTENING

**2) Listen to the radio show about having a moral compass. Then choose the correct answer to each question, according to the information.**

**1- How did Katrina's father influence her moral principles?**

- a.** He cared for people in hospitals with serious illnesses.
- b.** He required her to spend time supporting others.
- c.** He taught her the importance of being honest.

**2- What shaped Joe's moral compass?**

- a.** He was inspired by friend who survived an illness and now volunteers.
- b.** He was often sick as a child and spent most of his time in hospitals.
- c.** He had a religious upbringing and prayed every night for guidance.

**3- What incident taught Julie an important moral lesson?**

- a.** She refused to cheat on a French exam and aced the test.
- b.** She was punished for cheating on a test in school.
- c.** She disappointed her teacher by cheating on a test.

**4- Echoing another person's words means \_\_\_\_.**

- a.** repeating them.
- b.** saying the opposite.
- c.** changing them.
