	4 This frog leaps A ☐ the highest B ☐ higher C ☐ high

/ 4

Reading

5 Read and circle *T* (true) or *F* (false).

Interesting animals

Hello, my name is Agus. I come from Jakarta, in Indonesia.

Rainforests are amazing places. They've got big trees and a lot of plants. My family went hiking in a rainforest last year. It rained every day!

Many animals live in the rainforest in Indonesia. There are a lot of interesting mammals, like monkeys, tigers, and kangaroos. Some of them are very dangerous!

My favourite animals in the rainforest are birds. The birds I like the most are toucans and parrots. They have both got beautiful feathers, but toucans are less colourful. They are both very intelligent and make big nests. They both eat fruits and flowers.

Let's keep animals safe!

- | | |
|---|-------|
| 1 No animals live in the rainforest in Indonesia. | T / F |
| 2 Monkeys, tigers and kangaroos are mammals. | T / F |
| 3 Toucans and parrots are birds. | T / F |
| 4 Toucans and parrots have beautiful fur. | T / F |
| 5 Parrots are more colourful than toucans. | T / F |

/ 5
