Reading

3 Read and match the landscapes to the descriptions.

Score: \_\_\_ /5

a It's usually quite wet, but not because it rains! The noise is very loud and there's often a lake at the bottom of it.

b This landscape is very dry and can be very hot during the day and very cold during the night. It's very deep and can be very rocky, too!

c This is the landscape that makes our planet clean and healthy. Thousands of wild animals live there, especially birds.

d There are many of them all over the world. Lots of people go hiking there in groups, and the bravest even try to reach the top!

e These are the iciest and coldest areas on our planet. Some animals live there, mainly penguins and polar bears.

f Some of them are not active, but when they erupt and lava starts coming out, it can get dangerous.

4 Read and write.

Glaciers are 1 the coldest places on Earth. Did you know that they're also the 2 \_\_\_\_\_ ones, too? That's because it almost never rains! The 3 \_\_\_\_\_ amazing thing about glaciers is that animals manage to survive there. Like the Emperor penguin, for example, that lives in Antarctica. It's the heaviest penguin 4 \_\_\_\_\_ the world and it can live in 5 \_\_\_\_\_ temperatures, as low as -40°C! It also swims in the 6 \_\_\_\_\_ water ... -1.8°C. That's freezing!
