Shakespeare's *Romeo and Juliet*

William Shakespeare's play, *Romeo and Juliet*, was written sometime between 1591 and 1595. It is the story of a young Italian man named Romeo and a young Italian woman named Juliet. They want to be together, but their families do not like each other. *Romeo and Juliet* is Shakespeare's most famous love story.

Romeo and Juliet was probably first performed at The Theatre, a playhouse in London at that time. Many of Shakespeare's plays were performed there by a group of actors called The Lord Chamberlain's Men. In Shakespeare's time, there were no women actors. When *Romeo and Juliet* was performed, the actor who played Juliet was a young man.

Shakespeare wrote 37 plays during his life, but *Romeo and Juliet* is still one of his most popular plays.
