

BOAT SCHOOL

In Bangladesh, some students have got their classes on boats. In these boat schools, students have got desks and a blackboard. Some boat schools also have got more things like computers, the Internet and a small library. Yes, they all are in a small boat!

NO RULES SCHOOL

Brooklyn Free School is in New York. This school hasn't got any rules. Students choose their classes at this school. They haven't got a school timetable. They haven't got homework, exams and marks! They play and learn at the same time. Students are very happy in Brooklyn Free School.

MAGICAL SCHOOL

Who wants to be Harry Potter? Grey School of Wizardry is a school in California, the USA. Students learn magic in this school. They haven't got usual school subjects. No music, no science, no social studies! There is a course called "mathemagics" here. Yes, it is maths with magic!
