

**UNDER THE MISTLETOE - KELLY CLARKSON**

Every time I look around this  
My eyes they tend to  
fall on you and I  
Nothing but you makes  
Memories fill my \_\_\_\_\_ and I can barely  
keep my tears  
From fallin', oh I want your  
Do you ever \_\_\_\_\_ of us?  
Is it too late, too late, to open up?  
I'm dyin' to say, oh how I love you  
You're workin' towards me now  
What am I gonna say?

Push my pride  
When I close my  
It's just you and I  
Here under the mistletoe  
    fills the air  
Standin' over there  
Santa \_\_\_\_\_ my prayer  
Here under the mistletoe

[Kelly Clarkson & Brett Eldredge]  
All I want, hey, yeah  
All I want, hey-hey, yeah  
All I want, hey, yeah  
Is under the mistletoe

Oh, everything I try to keep you from gettin'

Works until I see your  
I linger hopin' you might stay  
Wrapped up in your \_\_\_\_\_, is where  
I wanna spend my \_\_\_\_\_ so hard,  
how much I want you  
Do you think of us?  
How I want your love

Is it too late, too late  
To let you know, I can't quite escape  
How much I need you  
You're workin' towards me now  
What am I gonna say?

Push my pride aside  
When I close my  
It's just you and I

Here under the mistletoe  
Magic fills the air  
Standin' over there  
Santa hear my prayer  
Here under the mistletoe

All I want, hey, yeah (all I really, really ever  
want)  
All I want, hey-hey, yeah (all I really, really  
ever want)  
All I want, hey, yeah (all I really, really ever  
want)  
Is under the mistletoe

You're walkin' towards me \_\_\_\_\_  
Won't you read my \_\_\_\_\_ somehow  
(oh, oh, oh)  
Meet me in the middle, underneath a little bit  
of mistletoe  
And indecision \_\_\_\_\_ a breath as I

Push my pride aside  
When I close my eyes  
It's just you and I  
Here under the mistletoe  
    fills the air  
Standin' over there (standin' over there)  
Santa \_\_\_\_\_ my prayer  
Here under the mistletoe

'Cause all I want, hey, yeah (all I really,  
really ever want)  
All I want, hey-hey, yeah (all I really, really  
ever want)  
All I want, hey, yeah (all I really, really ever  
want)  
Is under the mistletoe (is under the  
mistletoe)  
All I want, hey, yeah (all I really, really ever  
want)  
All I want, hey-hey, yeah (all I really, really  
ever want)  
All I want, hey, yeah (all I really, really ever  
want)  
Is under the mistletoe (is under the  
mistletoe)  
Push my pride aside, aside, aside  
It's just you and I (it's just you and I, haha)  
All I want (I'm pushin' my pride aside, aside,  
aside), all I want (baby it's just you and I)

Is you (oh it's only you), is you  
Oh, oh, oh, oh woah
