

2nd trimester Reading Test

NAME: _____

Exercise A

Read and choose *Yes or No*. / 6

Squirrels

Squirrels are small mammals. They have four legs. They use their legs to hold on when they are in high places. They have two eyes, a mouth, and a tail. They don't have knees. They have a nose. They use their nose to smell food, like nuts. Squirrels collect nuts so they have enough to eat in winter.

- | | | |
|-----------------------------|-----|----|
| 1 Squirrels are amphibians. | Yes | No |
| 2 They don't have tails. | Yes | No |
| 3 Squirrels like nuts. | Yes | No |

| 5 Squirrels like to climb. | Yes | No |
| 6 They don't eat in winter. | Yes | No |

Exercise B - Read and choose *True* or *False*.

/4

***Math***

Long ago, people did math, just like today. Long ago, some people didn't read but they did do addition and subtraction. People used math when they bought things. They used math when they made houses and buildings, and even when they cooked. People didn't have computers to help them. They did the sums in their heads.

- | | | |
|--------------------------------------|------|-------|
| 1 People made houses long ago. | True | False |
| 2 People didn't buy things long ago. | True | False |
| 3 Some people didn't read long ago. | True | False |
| 4 People cooked long ago. | True | False |
