VII. READ THE PASSAGE AND CHOOSE THE BEST ANSWER.

Nowadays people are more aware that wild life all over the world in danger. Many species of animals are threatened, and could easily become **extinct** if we don't make an effort to protect them. There are many reasons for **this**. In some case, animals are hunted for fur or other valuable parts of their bodies. Some birds, such as parrots, are caught alive and sold as pets.

LIVEWORKSHEETS

For many animals and birds, the problem is that their habitat – the place they live is disappearing. More land is used for farms, for houses and industry, and there are fewer open places than there once were. Farmers use powerful chemicals to help them grow better crops, but these chemicals pollute the environment and harm the wildlife. The most successful animals on the earth – human being will soon be the only one left, unless we can solve this problem.
