Date: _____

**B** Read the menu again and finish the telephone conversation.

Ricky: Hi, Peter. It's Ricky. Sorry I'm late. Can we order food before we study?

Peter: OK. What do you want?

Ricky: Let's have pizza. We can share a regular pizza.

Peter: OK. Let's see. The cheapest regular pizza is

① _____. The ② _____ regular pizza is \$152.

Ricky: How much is a regular meat feast pizza?

Peter: It's ③ _____. Wait a minute! The meat feast is the ④ _____ pizza. We can save ⑤ _____ this week.

It costs just ⑥ _____. Do you want any side orders?

Ricky: How much is a ⑦ _____?

Peter: It's \$37.

Ricky: Let's have that. Salad is good for us. What else do you want?

Peter: We have a pizza with meat. Let's order some pasta without meat.

How about ⑧ _____?

Ricky: OK. I want a drink. How much is an ⑨ _____?

Peter: It's \$18. We can buy two drinks and get one free! What about desserts? We can order one and share it?

Ricky: Good idea. I like chocolate. Do they have chocolate cake?

Peter: No, but we can have a ⑩ _____. OK. I'll order now.

What is the opposite of 'cheapest'?

Look for 'offer'.

Which side order is \$37?

Which pasta dish has no meat?

**C** What do you want to order from the menu? How much is it? Finish the sentences.

I want _____.

It _____.
