## E. READING

### Exercise 1: Read the passage and decide whether the statement True or False.

There is a newcomer in our class. Her name is Daisy. She is tall with curly, blonde hair. She has big blue eyes. I like her charming smile very much.

Although she is a newcomer, she makes friends with other students easily because she is friendly, easy-going, and sociable. Most of the classmates like her. During the lessons, Daisy rarely talks when the teacher explains something. In class, she is hard-working and does all exercises. When we work in groups, she is energetic, helpful and active. She always makes everything exciting.

Daisy's house is far away from school, so she stays in the campus. After class, she takes part in a sports club of the school. She is sporty and can play volleyball well.

She enjoys reading books, going out with friends, listening to music, and hiking. She tells me she would like to become a tour guide and she also wants to travel to many other places in the world.

1. What is Daisy's appearance?

- A. She is tall with straight blonde hair.
- B. She is tall and she has blue eyes.
- C. She is short with curly blonde hair.
- D. She is short and she has brown eyes.

2. Why does she make friends with other students easily?
