We use the present progressive to talk about:

- Something that is happening at the moment we are speaking.

*She's **talking** to someone on the phone at the moment.*

- Something that is happening around now for a short time.

*Eric and Tim **are staying** at their aunt's house for two months.*

We do not use short forms after two names. We do not use the present progressive to talk about things that happen regularly.

1 Write. Use the present progressive. Use short forms if possible.
