

TURUNAN FUNGSI TRIGONOMETRI

MELISA EKA FITRI TAMARA
PPG MATEMATIKA_UPI

TUJUAN

Pembelajaran

- Peserta didik mampu memahami turunan fungsi trigonometri dengan menggunakan sifat-sifatnya.
- Peserta didik mampu mengidentifikasi masalah yang berkaitan dengan turunan fungsi trigonometri.
- Peserta didik mampu menentukan penyelesaian masalah yang berkaitan dengan turunan fungsi trigonometri.

Nama Kelompok :

DASAR

Turunan Fungsi Aljabar

SIFAT - SIFAT

Turunan Fungsi Aljabar

This is a worksheet titled "KEGIATAN 1 Mengingat" (Activity 1 Remember). The page features a large, light gray dotted grid for writing, occupying the central portion of the sheet. The title is prominently displayed at the top center in a playful, rounded font, with "KEGIATAN 1" in blue and "Mengingat" in orange. The worksheet is decorated with several colorful illustrations: a large white flower with yellow dots on the left side; yellow sun rays and a yellow 'X' mark on the top right; and stylized orange and yellow plants in the bottom left and right corners. The "LIVEWORKSHEETS" logo is located in the bottom right corner.

KEGIATAN 2

Ayo berlatih!
