

**Underline the correct alternative.**

Last year, we 1 *went/were going* on holiday to America. We 2 *flew/were flying* to Florida and 3 *visited/were visiting* Disneyworld before going to Miami. While we 4 *stayed/were staying* in Miami, we 5 *met/were meeting* a great couple. They 6 *spent/were spending* a year travelling around the USA. We 7 *talked/were talking* all night and they 8 *told/were telling* us about their favourite American cities. We 9 *decided/were deciding* to go to New Orleans with them.

So, we 10 *hired/were hiring* a car and 11 *drove/were driving* along the coast and through the national forests. It 12 *was/was being* a long journey, so we 13 *stopped/were stopping* at different places on the way. When we 14 *were having/had* a break in Tallahassee, we 15 *saw/were seeing* someone we knew. It 16 *was/was being* our neighbour from our village in England!

What a coincidence!
