HOLIDAY CLUBS

Meet the kids and their holiday clubs!

Andy goes to the arts and crafts club. He loves using colorful paper, glue, and scissors to create beautiful artworks. She can make anything from simple drawings to fancy decorations.
Katy goes to the sewing club. She uses a needle and thread to make simple stitches. She can create her own little fabric masterpieces, like pillows or small bags.
Ecology is about taking care of our planet. In the ecology club, Mia learns how to protect the environment. She discovers the importance of trees, flowers, and keeping our Earth clean.
The science and technology classes are like magic for Christian. She explores how things work, creates simple experiments, and even uses computers to play educational games. Learning is so much fun!
Sophie enjoys pretending to be different characters in the drama class. She can be a superhero, a princess, or even an explorer. It's like creating her own little play.

How about you? Which holiday club would you join?

1.What does Andy do at the arts and crafts club?
a) Play with toys
b) Use colorful paper, glue, and scissors to create artworks
c) Learn to sew
