Rainbow School Newsletter

I think our school caretaker, Mr Lo, does a fantastic job! He opens the school gates and locks them when we're finished. He keeps the school garden tidy. He fixes things that are broken. He is always cheerful and friendly. Once Mum was late picking me up from school. I was tired and hungry. Mr Lo shared his biscuits with me and chatted with me until Mum arrived. Thank you, Mr Lo!

Annie Chan, 4A

I really admire my teacher, Miss Lau. She works really hard — she is as busy as a bee. She doesn't tell jokes but her activities make our lessons interesting and fun. If we don't understand, she doesn't get angry. Once I had some problems with Maths so she helped me at lunchtime. I got an A in the next test!

Lucy Wong, 6B

The person I admire is Peter Chan, a student in my class. Peter cannot walk and gets around in a wheelchair — it's like a racing car! Peter never complains. He loves telling jokes and doing funny voices. He's the most humorous person I know. He's also helpful. Once I had to carry lots of things to school for the summer fair and Peter helped me by putting them in his wheelchair.
