UNIT 2: HUMANS AND THE ENVIRONMENT

Task 1: Read the leaflet below and match the headlines to the correct story.

Do something for your local environment

Townsville District Council

In this issue, we look at things we can do for our local environment.

 Do you want to grow your own vegetables or keep a few chickens? Do you think you have green fingers? There are almost one hundred altomers tales available on three-year lesses.
 All the sites are variable on a first come, first served basis, interested? Then give us a call.

2.

Do you drive to work? Could you cycle? We have built lots of new cycle lanes in the last two years. They are clearly marked and you can find a compose route map on our websile. Remember, cycling is not only good for the environment but will also help you stay healthy.

3. In the last few weeks, lots of new bins have been placed along the high street in an attempt to keep our town tidy. Our community wordens will be patrolling the streets and will fine anyone who drops litter. The fine for littering is £100.

4. Starting this month, we're introducing a new system of recycling. Households will be given three birs. The great one is for recyclisher broken, such as paper, plastic, glass and card; the brown one is for graden and food waste and the black birs is for all other rubbish. New collection times will be amounced soon.

You can save money on your energy bills by installing solar panels on the roof of your hous For the next six months, we are offering a subsidy of up to £1,000 to people who want to

Any questions? Call 0908 551 273 and speak to Sam Davies or Olayinka Direto or visit www.townsvillegoesgreen.gov.uk for more information.
