

Far Away from the family

Vale is a Mexican girl who studies in California, USA. Although she often talks to her family online every night she misses them. She has been away from Mexico for three years because the flight ticket is really expensive.

Today is her birthday. She is 18 years old. She is in her room looking at her family photo album, she is sad.

She sees the photo of her parents' 20th wedding anniversary. Her mom looked beautiful in her white dress. Her father was very elegant with his black tuxedo. They looked in love on their wedding day.

Now, she sees a picture of her brother. He is in his first car, and he loves his car. All her friends say that her brother is so handsome.

There is a picture of her younger sister she looks adorable in her purple dress. She likes her purple dress.

There is a picture of her dog, and its name is "Wera." It looks adorable with its pink sweater. Vale wove this sweater for her pet when she was in Mexico.

Suddenly, someone knocks at the door. Vale opens the door and sees her friends. They have a birthday cake and start singing "Happy Birthday to you".

Her best friend Vico tells her, now we are your family, and we love you very much. Congratulations Vale!
