## A passion for art

Susanna

I entered a drawing competition and I've just had some good news – I'm the winner! The judges loved my work – a picture of the moon. I often look at the night sky in my free time because I love the stars and the moon. It was difficult to get the picture right and I spent a long time drawing it. My picture is going to be in a magazine. I'm so excited!

Ari

My brother Isaac saw a drawing competition in a magazine and he told me about it. I had several pictures already because I love drawing in my free time. I often draw animals, like tigers, lions and horses. However, I decided to enter a picture of a dinosaur. My picture won third place – I got £50 and I was happy about that. I'm going to enter again next year and I'll try to draw my best picture ever.

Nikos

We've got an amazing castle in our town, and I decided to draw it for a competition in an art magazine. The prizes were an art book for third place and £50 for second place. For first place, they put your picture in their magazine. Although I really hoped to win the money, I was really pleased when I won! It was great to see my castle picture in a really cool magazine.

1 Read the Exam Reminder. What should you look for in the text? 1

### Exam REMINDER

Looking for phrases with the same meaning

- Underline the key words in the questions.
- There is often a noun or an adjective in a question that means the same as a phrase or sentence in the text. For example, *It was fun* = *We enjoyed doing it*.
- Find phrases in the text that mean the same as key words in the question.

2 Now read the text and complete the Exam Task.

### Exam TASK

#### Multiple matching

For each question, choose the correct answer.
