

A) What would you advise your classmates in order to avoid some internet safety problems? Use should – Shouldn't

1. You use strong passwords for every account and never share them with anyone.
2. You be careful when clicking on links, especially those sent by strangers.
3. You give out personal information online, such as full name, address, or phone number, with anyone online.
4. You report any suspicious behavior to a trusted adult.
5. You think before posting anything online, as anything posted online can be permanent.
6. You meet face-to-face with anyone from the Internet.
7. You tell your parents or a trusted adult if anything makes you feel sad, scared, or confused.

B) Tell your classmates what they must / mustn't do in order to avoid some internet safety problems .

1. You always ask a trusted adult before sharing information like your name, address, and phone number.
2. You accept friend requests from people you don't know on social media.
3. You ask a trusted adult before download something from the internet.
4. You open a message or an email if you don't know the sender.
5. You block a website or a person that makes you feel uncomfortable.
6. You share to strangers where you go to school.
7. You download something without asking a grown up.
