

CAPAS DE LA TIERRA

The diagram shows a wedge-shaped cross-section of the Earth from the surface to the center. The layers are numbered as follows: 1 (atmosphere), 2 (troposphere), 3 (stratosphere), 4 (mesosphere), 5 (thermosphere), 6 (ionosphere), 7 (outer core), 8 (inner core), 9 (mantle), 10 (asthenosphere), 11 (lithosphere), 12 (crust), 13 (continental crust), 14 (oceanic crust), and 15 (core). Brackets on the left group layers 1-4 as '14 MODELO', 5-8 as '13', and 9-12 as '12'. Brackets on the right group layers 1-4 as '4', 5-8 as '5', 9-12 as '9', and 13-15 as '15 MODELO'.

| Nº | NOMBRE |
|----|--------|
| 1  |        |
| 2  |        |
| 3  |        |
| 4  |        |
| 5  |        |
| 6  |        |
| 7  |        |
| 8  |        |
| 9  |        |
| 10 |        |
| 11 |        |
| 12 |        |
| 13 |        |
| 14 |        |
| 15 |        |
