

Going travelling? Read our tips and you should fit right in.

- Travelling can be lonely, so pack some favourite photos or music. You **ought** to plan to keep in touch with friends and family regularly too.
- You can't learn everything about where you're visiting, but you may find it helps to read about the history and culture – especially in regards to local customs, so you understand what you're supposed to do (and what you're not supposed to do) in different circumstances.
- Explore the shops and restaurants and try the local food – you **might** love it!
- You don't have to be fluent but you must try to learn some key phrases or do a language course before you go. You'll be able to find a wide variety of online language courses so there must be one in the language you need.
- You **mustn't** worry if you can't see or do everything in each place you visit. Be selective and enjoy what you do.
- Don't slavishly follow your guidebook. Try speaking to locals and getting recommendations from them.
