

[Verse 1: Yuqi]

Oh-oh-oh

Hit me like a shot in the

Never should have played you so

Guess I played myself, that's my fault

Mmm-mm-mm

[Pre-Chorus: Soyeon & Minnie]

I don't even know how to

'Cause now she got your heart so I feel

Stupid, foolish

I'm losing everything

I thought I couldn't

My whole is falling apart

[Chorus: Miyeon, Shuhua, **Soyeon & Yuqi**]

Don't you go falling in love

me she's not the one

She won't ever

Love you like I do

Hold you like I do, know you like I do

Don't you go falling in love

'Cause I'm going to break that thing up

I won't let her

Love you like I do

Touch you like I do, nothing like I do

Nothing like I do

[Verse 2: Minnie]

Hit me like a poisonous dart

You were trouble right from the

Should havee ran, I guess it's my

Mmm-mm-mm

[Pre-Chorus: Miyeon & Yuqi]

I don't even know how to think

'Cause now she got your heart so I feel

Stupid,

'Fraid I'm losing everything

I thought I couldn't

My whole world is falling apart
