Vincent Van Gogh was famous for his beautiful paintings. One interesting thing about this painter is that he cut off his **left** ear. In 1888, Van Gogh was living in The Yellow House in the south of France. While he was staying in that house, he painted The Sunflowers. Later, he met painter Paul Gauguin. They were working and living together for some time, but they were always fighting, so Gauguin decided to return to Paris. Some people say that Van Gogh did not want Gauguin to leave, and they had a big **fight**. When his friend left, Van Gogh cut his ear with a **razor**.
