

## LET'S LEARN IMPERATIVES.

Drag and drop the answers in the empty spaces given.

Deejay Fana : Hello, everyone. Thanks for tuning in to Chill FM. We are so lucky to have a special guest for today's slot, Miss Nasha Ahmed, the Occupational Safety and Health Officer at Mengah Holding. Welcome, Miss Nasha.

Miss Nasha : Hello, Deejay Fana. Thank you for inviting me as the guest speaker.

Deejay Fana : Okay, Miss. Our today's topic is about safety. Please (1) \_\_\_\_\_ your thoughts regarding this matter, Miss.

Miss Nasha : Thanks, Deejay Fana. I believe, some people often ignore these commands when they are at work:

(2) \_\_\_\_\_ your safety gears!

Please (3) \_\_\_\_\_ off the electricity when not in use.

(4) \_\_\_\_\_ shortcuts! (5) \_\_\_\_\_ the protocols given by the company. They might assume nothing would harm them if they skip just one or two safety requirements. These instructions are a burden to them. (6) \_\_\_\_\_ thinking like this immediately! Tragedy can happen in a split second. (7) \_\_\_\_\_ risk as it may cost you your life.

Deejay Fana : Indeed, Miss Nasha. According to the Department of Statistics Malaysia, National Occupational Accident and Disease Statistics has reported that the number of occupational injuries has increased from 21,534 to 34,216 people in the year 2022.

Miss Nasha : Correct, Miss Deejay. Hence, (8) \_\_\_\_\_ of yourself only.

(9) \_\_\_\_\_ vigilant in any situation. (10) \_\_\_\_\_ others safe by getting a hold of yourself. (11) \_\_\_\_\_ any unauthorized

experiment at work. The equipment might be interesting and handy, but it can be hazardous.

Deejay Fana : I could not agree more, Miss Nasha. Besides, I have a question. Does mental injury is also considered as occupational injuries apart from physical injury? How should we tackle this matter?

Miss Nasha : Yes, mental injuries are also considered as occupational injuries and it is even more delicate to be taken care of. Being a bully does not make you look superior at work, not even the bosses. (12) \_\_\_\_\_ the subordinates by giving the, nonsensical loads. This might affect the productivity as well. (13) \_\_\_\_\_ them breathe! (14) \_\_\_\_\_ a break when necessary. (15) \_\_\_\_\_ without thinking. (16) \_\_\_\_\_ their rights as a human being. (17) \_\_\_\_\_ over the limit. (18) \_\_\_\_\_ any sensitive issues. These are the basics on how to be a good boss.

Deejay Fana : I agree with that, leaders are not born, they are made. Now, we have come to an end of our discussion. Thanks for sharing your thoughts and input regarding safety at work. Hope to see you again next time.

Miss Nasha : You are welcome, Deejay Fana. And thanks for this opportunity as well. Remember, safety is our priority. (19) \_\_\_\_\_ the rule!

Deejay Fana : So, that's all for today's session. (20) \_\_\_\_\_ tuned for more updates and interesting news from us!

Take

Do not violate

Do not harass

Stop

Do not speak

switch

Do not trigger

Do not perform

Stay

Do not break

Do not push
