

SSL3. I can construct an explanation that differentiates between the structure of plant and animal cells.

Animal vs. Plant Cells Venn Diagram

Instructions: Drag & Drop the correct cell organelle to either Animal cell, Plant cell, or Both.

1. Irregular shape
2. No chloroplasts
3. 1 large, centralized vacuole
4. Cell wall
5. Nucleus at the center
6. Chloroplasts
7. Few small vacuoles
8. Cell membrane
9. Golgi body/apparatus
10. Rectangular shape
11. No cell wall
12. Ribosomes, Mitochondria, and Cytoplasm
13. Nucleus and Endoplasmic reticulum
14. Nucleus at the side

1. What are three differences between plant and animal cells? _____
2. What are three similarities between plant and animal cells? _____
