## Fruit Addition with multiples of 2

Solve the following equations by looking at the numbers the fruit represents.

$$\text{Pear} = 2$$

$$\text{Grapes} = 4$$

$$\text{Orange} = 6$$

$$\text{Apple} = 8$$

$$\text{Pear} + \text{Pear} + \text{Pear} + \text{Pear} + \text{Pear} =$$

$$\text{Grapes} + \text{Grapes} + \text{Pear} + \text{Pear} =$$

$$\text{Orange} + \text{Grapes} + \text{Apple} + \text{Pear} =$$

$$\text{Apple} + \text{Apple} + \text{Apple} =$$

$$\text{Pear} + \text{Pear} + \text{Orange} + \text{Orange} =$$

$$\text{Orange} + \text{Apple} + \text{Pear} + \text{Grapes} + \text{Pear} =$$

## Suma de frutas

Resuelve las siguientes ecuaciones observando los números que representa la fruta.

$$\text{Pera} = 2$$

$$\text{Uvas} = 4$$

$$\text{Naranja} = 6$$

$$\text{Manzana} = 8$$

$$\text{Pera} + \text{Pera} + \text{Pera} + \text{Pera} + \text{Pera} =$$

$$\text{Uvas} + \text{Uvas} + \text{Pera} + \text{Pera} =$$

$$\text{Naranja} + \text{Uvas} + \text{Manzana} + \text{Pera} =$$

$$\text{Manzana} + \text{Manzana} + \text{Manzana} =$$

$$\text{Pera} + \text{Pera} + \text{Naranja} + \text{Naranja} =$$

$$\text{Naranja} + \text{Manzana} + \text{Pera} + \text{Uvas} + \text{Pera} =$$
