

1. Check the characteristics you believe relatable to *Patty*.

Hope Courage to take risks Fear Sorrow Resilience

2. Listen to the song and circle the correct words.

Eye of the Tiger- Survivor

Risin' up, back on the beat / street

And he's watching us all with the

Did my time, took my chances

Eye of the tiger

Went the distance

Now I'm back on my sleep / feet

Face to face, out in the heat / heep

Just a man and his will to survive

Hangin' tough, stayin' hungry

So many times, it happens too fast

They stack the gods / odds

You trade your passion for glory

Still we take to the street

Don't lose your grip / ship on the dreams of the

For the kill with the skill to survive

past

You must fight just to keep them alive

(Chorus)

Chorus:

It's the eye of the tiger

Risin' up straight to the top

It's the thrill / bill of the fight

Had the nuts / guts, got the glory

Risin' up to the challenge

Went the distance

Of our rival

Now I'm not gonna stop

And the last known survivor

Just a man and his will to survive

Stalks his tray / prey in the night

(Chorus)

The eye of the tiger (4x)

3. Match the words from the lyrics to their meaning.

(a) trade	<input type="checkbox"/> a strong feeling of excitement or pleasure; an experience that gives you this feeling.
