hotels weren't but are city beautiful

My town

Hi, my name is Paul and I live in London. It's a capitalof England. In 1800 there..... many shops. London was dirty, noisy, and overcrowded. There wasn't Big Ben or Tower Bridge then..... there were pavements.

Today London is a city. There are many parks. There is the London Eye, Tower Bridge and Big Ben. London is very busy. Tourist visit London ,so there..... a lot of restaurants and..... London is always full of life, there is always something to do.
