Pandas

Pandas are the national animal of China. They are related to bears and have black eye patches.

Paragraph

What do pandas look like?
There are two different types of panda. The giant panda is the most well known but the red panda also lives in the mountains in China. The red panda has a long tail and is the same size as a cat. The giant panda is much bigger and has black and white fur. Both the red and giant pandas are have long, sharp claws that they use to climb trees and strip bamboo.

Captions

What do pandas eat?
Pandas are very fussy eaters. Most pandas only eat bamboo, a type of grass. A giant panda will eat half their own weight in bamboo every day.

What do pandas do?
Pandas spend most of their time eating or sleeping. Young pandas like to play with each other and can be very naughty.

Did you know?
Pandas are endangered and if they are not looked after could become extinct.
