

Activity 7

Think Like a Scientist

Plant Scientist

Type of Plant	Structural adaptations I notice are . .	I think this helps the plant to survive . because . . .
Palm Tree	Thick trunk and narrow leaves	
Pine Tree	Triangle shape, needles instead of leaves	
Mangrove Tree	Long, strong roots	
Water Lily	Wide, floating leaves	
Acacia Tree	Branches bunched at the top of the tree	
Barbary Fig	Sharp spines and tough outer covering
