

Directions: Rearrange the following statements to make a logical activity cycle.

A . Let each group select 3 sentences to share with the class.

B. Observe while they're working. Some of them may ask for the teacher's ideas.

C. Divide students into groups of 4.

D. Ask them to write 3 sentences by using this structure **I + routine + time phrase** on the paper provided within 5 minutes.

E. Praise all students who did well and correct any mistakes.

F. Note down the strengths and weaknesses of each student.

G. Give each group 7 pictures of daily routines and word cards.

H. Put pictures and word cards on the table that are true for them within 5 minutes.

I. Each student read their own sentences aloud to their group members.

J. Let them match pictures with the correct word cards within 5 minutes.
