Explorers

Gerald

When I was a boy, my parents worked in Africa for two years. We visited lots of exciting places there and I have loved travelling and exploring since then. I usually choose to travel alone because it is easier to meet people that way. I often stay with the new friends I make on my journeys, and finding out about new cultures is my favourite part of exploring.

Simone

My favourite places are in the cold parts of the world. There are some areas, covered in snow and ice, where almost no one has ever been before. I usually go on foot because there are no roads. I plan my trips very carefully – I like to be well prepared, and I take lots of special equipment with me. I sometimes go for days and weeks without seeing other people – I like the opportunity that gives me to think about my life and to make plans.

Frank

I do most of my exploring by boat. It can take me weeks to get somewhere I could drive to in a day, but it is all about the journey. I always take someone else because my boat needs two people and I don't think I would like to go alone. There usually aren't many people at all in the places that I explore, so I don't often meet new people. My boat is quite small so I can get to places that other, bigger boats can't get to. That makes travelling even more interesting.
