a. Mars is faster than Earth. _____

b. Neptune is the windiest planet in the solar system. _____

c. Venus rotates in the same direction to the other planets. _____

d. Uranus rotates on its side. _____

e. Jupiter is the fastest planet. _____

READING

Read the story **"Tuckerbean on the Moon"** and answer the questions considering the Story Elements.

Tuckerbean on the Moon

Tuckerbean likes to look at the stars. He smiles at them when they twinkle.

The moon grins. Tuckerbean winks. Tonight he is taking a long, special trip.

The space center is bright and busy. A rocket stands tall. A giant clock counts down to liftoff. Tuckerbean is going to the moon!

Inside the rocket, Tuckerbean pushes buttons. He flips switches. He hums a silly song. Everyone giggles.

Three…two…one… blastoff! The rocket zooms. It wobbles and shakes. Tuckerbean is scared.

Tuckerbean floats like a balloon and he feels better.

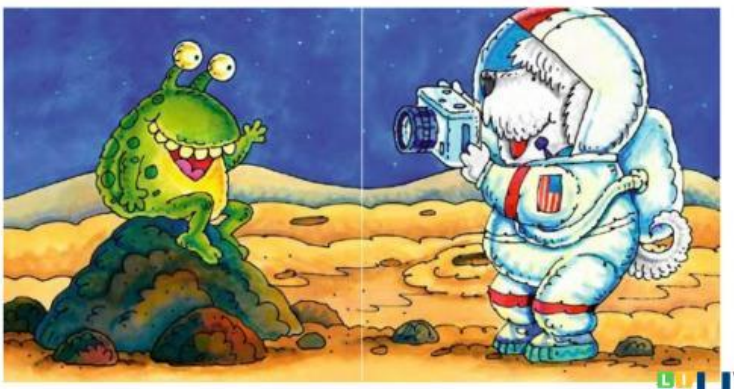

When the rocket lands, Tuckerbean and his crew jump out. They have a parade.

Tuckerbean lies in the moon dust. He makes moon angels.

Tuckerbean climbs into his moon buggy. He races over the hills.

Tuckerbean takes pictures. He writes postcards that say "Hello from the moon!"

On the way back home, Tuckerbean sees stars. He waves at them when they twinkle.

LIVEWORKSHEETS

Circle the correct option. (7 points)

1. Who is the main **character** in the story?
   a. The alien
   b. Tuckerbean
