The Dubai Mall has a five-star hotel, a cinema with many halls and the world's largest screens, themed entertainment venues for children of all ages and more.

28 Located in Zaragoza, Puerto Venecia is the largest center in Europe. And its location makes it unique: the center was built in the middle of a large artificial lake. On it, everyone can ride a boat or relax on the beach, equipped in the form of a beach with seating areas. In winter, the lake freezes and becomes an excellent ice rink.

29 It is Asia's largest shopping mall. Unofficially, the complex was called «The Great Wall of China». The centre has perhaps the largest dining area in the world, huge electronics stores, an indoor ice rink, chic jewellery shops and of course entertainment venues and attractions for every taste. A green area of 30 thousand square meters with dozens of trees and bushes, located on the roof makes this mall indeed unique.
