

## WOF/ The Dragonet Prophecy: Chapter 6

Answer:

1-5	16-20
6-10	21-25
11-15	26-30

1. Why did Clay feel like an idiot?

- A. Because he didn't notice Dune unlocked something before moving the boulder.
- B. Because he lost a fight with Tsunami.
- C. Because he forgot the way to the study room.
- D. Because he wasn't able to break the chains.

2. Why is it impossible to move the boulder from inside the cave?

- A. Because Clay is too weak.
- B. Because it is rigged on a mechanism that only big dragons can move from outside.
- C. Because Dune is always watching.
- D. Because the boulder is a mirage.

3. Why did Sunny volunteer to do the most dangerous part without any hesitation?

- A. Because she was the strongest of them all.
- B. Because she wanted to show off to Tsunami.
- C. Because she had not even thought of escaping before that day.
- D. Because she was ordered to do so by Starflight.

4. What makes the sky hole impractical as an escape route?

- A. Because it leads to another prison.
- B. Because it is smaller than they think and barely fits a dragonet's head.
- C. Because Tsunami is afraid of heights.
- D. Because it is covered with an invisible barrier.

5. Why does Glory insist that the others should not get in trouble for her?

- A. Because she believes the others are part of the prophecy and she is not.
- B. Because she dislikes the other dragonets.
- C. Because she has a secret plan to escape alone.
- D. Because she is afraid the others might get hurt in the process.

6. How is Tsunami's attempt to express care described?

- A. As a thunderous roar of concern.
- B. In a calm and carefully chosen phrase.
- C. Through her eager assistance.
- D. In her usual gentle way, according to Clay.

7. Why did the minders leave the sky hole in the study room?

- A. As a trap for the dragonets.
- B. For ventilation purposes only.
- C. Because they forgot to seal it.
- D. To give the dragonets a false sense of hope.

8. What is Starflight's response to the idea of forcing the boulder?

- A. He agrees it is worth a try.
- B. He says they need a special tool to do it.
- C. He dismissively shakes his head.
- D. He proposes using magic instead.

9. What is Tsunami's reaction when Glory acts as if she should deal with the problem alone?

- A. She offers to help Glory despite the risk.
- B. She snaps at her, telling her not to act like a martyr.
- C. She agrees that Glory should handle it alone.
- D. She laughs and dismisses the idea as absurd.

10. Why can't Dune fly?

- A. Because he was chained by Kestrel.
- B. Because he is too scared to try.
- C. Because he doesn't have wings.
- D. Because he has an injury that prevents him from flying.

11. What does Glory's scales changing to dark green indicate?

- A. She is feeling joyful.
- B. She is planning an attack.
- C. She is feeling sick.
- D. She is experiencing distress or worry.

12. Who first mentioned the sky hole as a potential escape route?

- A. Starflight
- B. Clay
- C. Sunny
- D. Tsunami

13. What is the reason they can't use the boulder from inside for escape?

- A. Because they lost the stone that unlocks it.
- B. Because it's too heavy for any of them.
- C. Because it's impossible without Dune's stone from the inside.
- D. Because it's magically sealed.

14. What does Tsunami reveal about the boulder's unlocking mechanism?

- A. It's a complex puzzle only she can solve.
- B. It requires a key that Kestrel has lost.
- C. A lever or switch is used by big dragons to open it from the outside.
- D. It dissolves with the correct magical spell.

15. How does the text suggest Morrowseer's presence affects the situation?

- A. The dragonets are excited to see him.
- B. It is the perfect time to attempt escape.
- C. The minders are on high alert because of him.
- D. Morrowseer is coming to join the escape plan.

16. Why was Tsunami hesitant about executing her escape plan?

- A. She didn't think it was necessary.
- B. It was too dangerous.
- C. She had forgotten the plan.
- D. Clay didn't agree with it.

17. How did Clay initially react to the idea of going underwater in the battle cave?

- A. He was excited about the idea.
- B. He had already explored that route.
- C. He had never considered it before.
- D. He knew exactly where it would lead.

18. What is the main reason Tsunami does not want Clay to attempt the escape through the river?

- A. He can hold his breath for a long time.
- B. He can see perfectly in the dark.
- C. There are unknown dangers and he could drown.
- D. Clay doesn't know how to swim.

19. What is Glory's unique ability that she hopes can prevent her from being discovered by the guardians?

- A. Flying at great speeds.
- B. Breathing fire.
- C. Camouflaging with her surroundings.
- D. Creating loud noises.

20. Why is Glory wary of solely relying on her camouflaging ability to stay hidden?

- A. It requires too much energy.
- B. She can only camouflage for a short time.
- C. There's a risk of being accidentally caught or starving.
- D. It makes her scales itchy.

21. Why did Clay feel the weight of responsibility upon hearing Glory's trust in him?

- A. She had no others to rely on.
- B. He had the best plan.
- C. Tsunami told him to take charge.
- D. He felt she believed in his ability to succeed.

22. What was Clay's proposed method for finding the way back to free the others?

- A. Following the river's current.
- B. Using the stars for navigation.
- C. Seeing smoke from a fire as a signal.
- D. Listening for the others' calls.

23. Why does Tsunami claim that only a SeaWing should attempt the escape?

- A. Only SeaWings are brave enough.
- B. SeaWings can breathe underwater.
- C. SeaWings can see in the dark and hold breath longer.
- D. SeaWings are the fastest swimmers.

24. How did Starflight feel about the idea of burning scrolls for a signal?

- A. He was excited and supportive.
- B. Starflight was indifferent.
- C. He was angry and disagreed completely.
- D. Starflight was shocked by the idea.

25. Why was Sunny worried about the timing of Glory's rescue?

- A. She thought the plan was too complex.
- B. Glory might not blend in until daylight.
- C. Kestrel might come for Glory before daylight.
- D. She wanted to go with Clay.

26. What did Tsunami do as a result of her frustration with the escape plan?

- A. She broke free from the chains.
- B. She thrashed her body, straining against the chains.
- C. Tsunami called for the guardians' help.
- D. She scolded Starflight.

27. Upon realizing the limitations of Clay's ability underwater, what does Tsunami fear the most?

- A. Clay getting lost.
- B. Clay being too noisy.
- C. Clay drowning due to lack of air.
- D. Clay meeting a predator.

28. Why is the guardians' lack of knowledge about RainWings significant?

- A. It shows their poor education.
- B. They can't predict the weather.
- C. It prevents them from discovering Glory's camouflage.
- D. It means they can't speak the RainWing language.

29. Why did Sunny feel left out of the conversation?

- A. She had no useful skills.
- B. Nobody responded to her concerns.
- C. She was the youngest.
- D. She didn't understand the plan.

30. How does Clay plan to escape the river's unknown dangers?

- A. By trusting his instincts.
- B. With the help of a map from Starflight.
- C. Using his special night vision.
- D. He must first survive the river.
