**Task 4. Stradford.**

20 years ago, in Stradford, East London, the river was dirty and buildings were old and empty (пустый). The streets were very quiet then. There weren't any sports centres for children. There weren't many people in the shopping mall. It wasn't a nice (приятно) place then.

But in 2012 there was the London Olympics in Stradford. The city was different. There was a new Olympic Park, it was big and beautiful. There was a new cinema and some new cafes. There were a lot of tourists.

Stradford is bigger and nicer now. The streets are noisy and full of people. I love my city!
