LISTENING

In the following listening exercises, you'll have a set number of opportunities to listen (three times in total). Each additional replay deducts one point from a possible three points, impacting your overall score. Additionally, your accuracy will be estimated on a three-point scale. Your final score for each exercise will depend on both the number of times you listen to the audio and your accuracy.

1- Write down in English what you hear from the audio as accurate as you can:

2- Translate into Spanish what you understand from the following audios:

LIVEWORKSHEETS

3- How would you reply if someone said the following sentence to you?
(Use at least 15 words)

4- Write either in Spanish or English the word that you hear:

LIVEWORKSHEETS
