

Task 1. Listen to what five people say about teaching science at school. Match their names with their statements. There is one statement you don't have to use.

Speakers:

- 1) Robert Winston, a scientist
- 2) Kathy Sykes, a head manager
- 3) Steve Jones, a genetics scientist.
- 4) Trevor Bayliss, an inventor
- 5) Agatha MacKenzie, a TV presenter

Statements:

- A. This speaker changed his/her attitude to science thanks to a school teacher.
- B. This speaker changed his/her attitude to science after he/she left school.
- C. In this speaker's school science was taught very much as a hands-on subject (практический предмет).
- D. This speaker doesn't know how to use some of the knowledge he/she got in the science lessons at school.
- E. This speaker got interested in the history of science.
- F. This speaker wishes science were taught more as a hands-on subject nowadays.
