Computer games

Three teenagers talk about playing computer games.

Kamil

I spend about five hours a week playing computer games. My parents don't mind because they know it's less time than some teenagers spend on the computer. I've got all kinds of games, but the ones I like most are those where you learn things. I've got a brilliant game called 'History Ship'. It shows you what life was like on sailing ships hundreds of years ago and it's fun to play. There's another interesting game I'd like to get called 'Space Journey'. It's quite expensive, but I think I'll have enough money for it soon.

Mia

Both of my brothers love being outdoors playing football, but the hobby I enjoy most is playing computer games. My parents are OK with that because they think you can learn a lot from playing games. The only thing they say is that I can't play games on the evenings I have homework. I've got a variety of games, but my favourite is called 'Forestworld'. A friend said it was an amazing game, so I was really pleased when I got it as a present for my birthday.

**Liam**

I've enjoyed playing computer games for as long as I can remember. I have lots of different games, but the one I like most is called 'Sea Adventure'. It's a really great game. I wasn't very good at it at first, but I've improved and can complete the different levels really quickly now. Several of my friends like computer games too, so they come round to my house at the weekend and we play together. It's great fun!

Part 3

Questions 14 – 18

For each question, choose the correct answer.

A round-the-world trip**Alice Woods and her brother Luke went on a special holiday.**

When I was 16, my parents decided to take me and my brother Luke out of school for six months to travel around the world. They wanted us to visit lots of different countries and have new experiences. They said we were old enough to do that kind of trip and believed it was better for us than spending six months in the classroom. We both had to continue with our studies during the trip, so nearly every day we had online classes in subjects like maths and science. Our parents also made sure we studied the history of the places we visited, and when we had time, we went to museum exhibitions or read guidebooks.

We did some fantastic things on the trip, like sailing along the Mekong River in Vietnam and visiting the Taj Mahal in India. Luke enjoyed travelling around the Amboseli National Park in Kenya. He's interested in wildlife and loved seeing the elephants. I enjoyed that too, but for me the best part was visiting the Rocky Mountains in Canada. We camped there for a few days and the views were amazing! It was a great trip, but now we're home again, I'm happy to be back at school and spending time with my classmates. Everyone asks if I missed things while I was away – like my favourite food or having my own room – but I tell them not really. It was an adventure and I enjoyed everything about it.

14 Why did Alice's parents decide to take the family on a round-the-world trip?

- A They were a little bored with life at home.
- B They believed it was a good way to learn new things.
- C They wanted to visit other countries while the children were still young.

15 Alice says that most days she and Luke

- A visited an exhibition.
- B read a guidebook.
- C did lessons on the internet.

16 What is Alice doing in the third paragraph?

- A explaining how to plan a trip
- B describing some activities they did
- C giving advice to people who enjoy travelling

17 Which place did Alice enjoy visiting the most?

- A the Taj Mahal in India
- B the Rocky Mountains in Canada
- C the Amboseli National Park in Kenya

18 How does Alice feel now that their trip has finished?

- A glad to see her friends again
- B happy to eat meals cooked at home
- C pleased to be back in her own room
