

Practica

1. Choose the correct answer according to what you saw on the video.

1.1. The public debate about climate change often centres around:

1.2. Why do richer countries contaminate more?

1.3. Why do poor countries would need to give up on becoming rich in the same way that rich countries did?

2. Select True or False.

2.1. More CO₂ is released to run our homes than from all of cars combined.

2.2. Today 49% of the world's habitable land is used for meat production in some form or another.

2.3. Shifting responsibility from the largest carbon emitters to the average person is the solution for solving all the problems.

3. Write a brief text about how you feel about the video that you just watched.
